Abstract

It is designed as a complete set of alternatives to generate income for rural residents, resulting in a tourism city of economic growth and improve those living conditions. Tourism in this environment has direct action on business and property residents. Agrotourism or rural tourism plays an important role in the revitalization and social development and environmental impact and rural areas. Families in rural areas are meant to be an entity of farmers to prepare for their new role of tourism entrepreneurs. din zonele rurale au menirea de a fi o entitate de agricultori care se pregăteasc pentru noul lor rol de turism antreprenori.

Key words: tourism, agricultural, sustainable development, concept.
